## THE LEGEND

There once lived in Louisiana a beautiful French maiden whose beauty was renowned throughout the state. And, as anyone would know, this maiden had as many suitors as she cared to count, but there was one who received her favor above all others. And, of course, he was the most handsome and the finest of all, in the opinion of this beautiful young girl. But alas! How could she know that disgrace was to be the fate of the gallant suitor, and that he was to be killed in a questionable duel of honor.

Those who knew her tell how the delicate face grew pale and wan, and how her bright spirit became weak and sorrowful as a dove mourning the death of its mate. Grief-stricken and heart-broken, she moved to Natchitoches, but as the years passed, there was nothing that could in any way bring back to her face the once ready smile, or could take from her face the lines of sorrow and grief. Not until dark stole over the town would she venture out of her solitary confinement to wander under the old trees surrounding the mansion. Some said that she had become quite mad, while others said that she walked under the trees to meet the spirit of her lover who waited there.

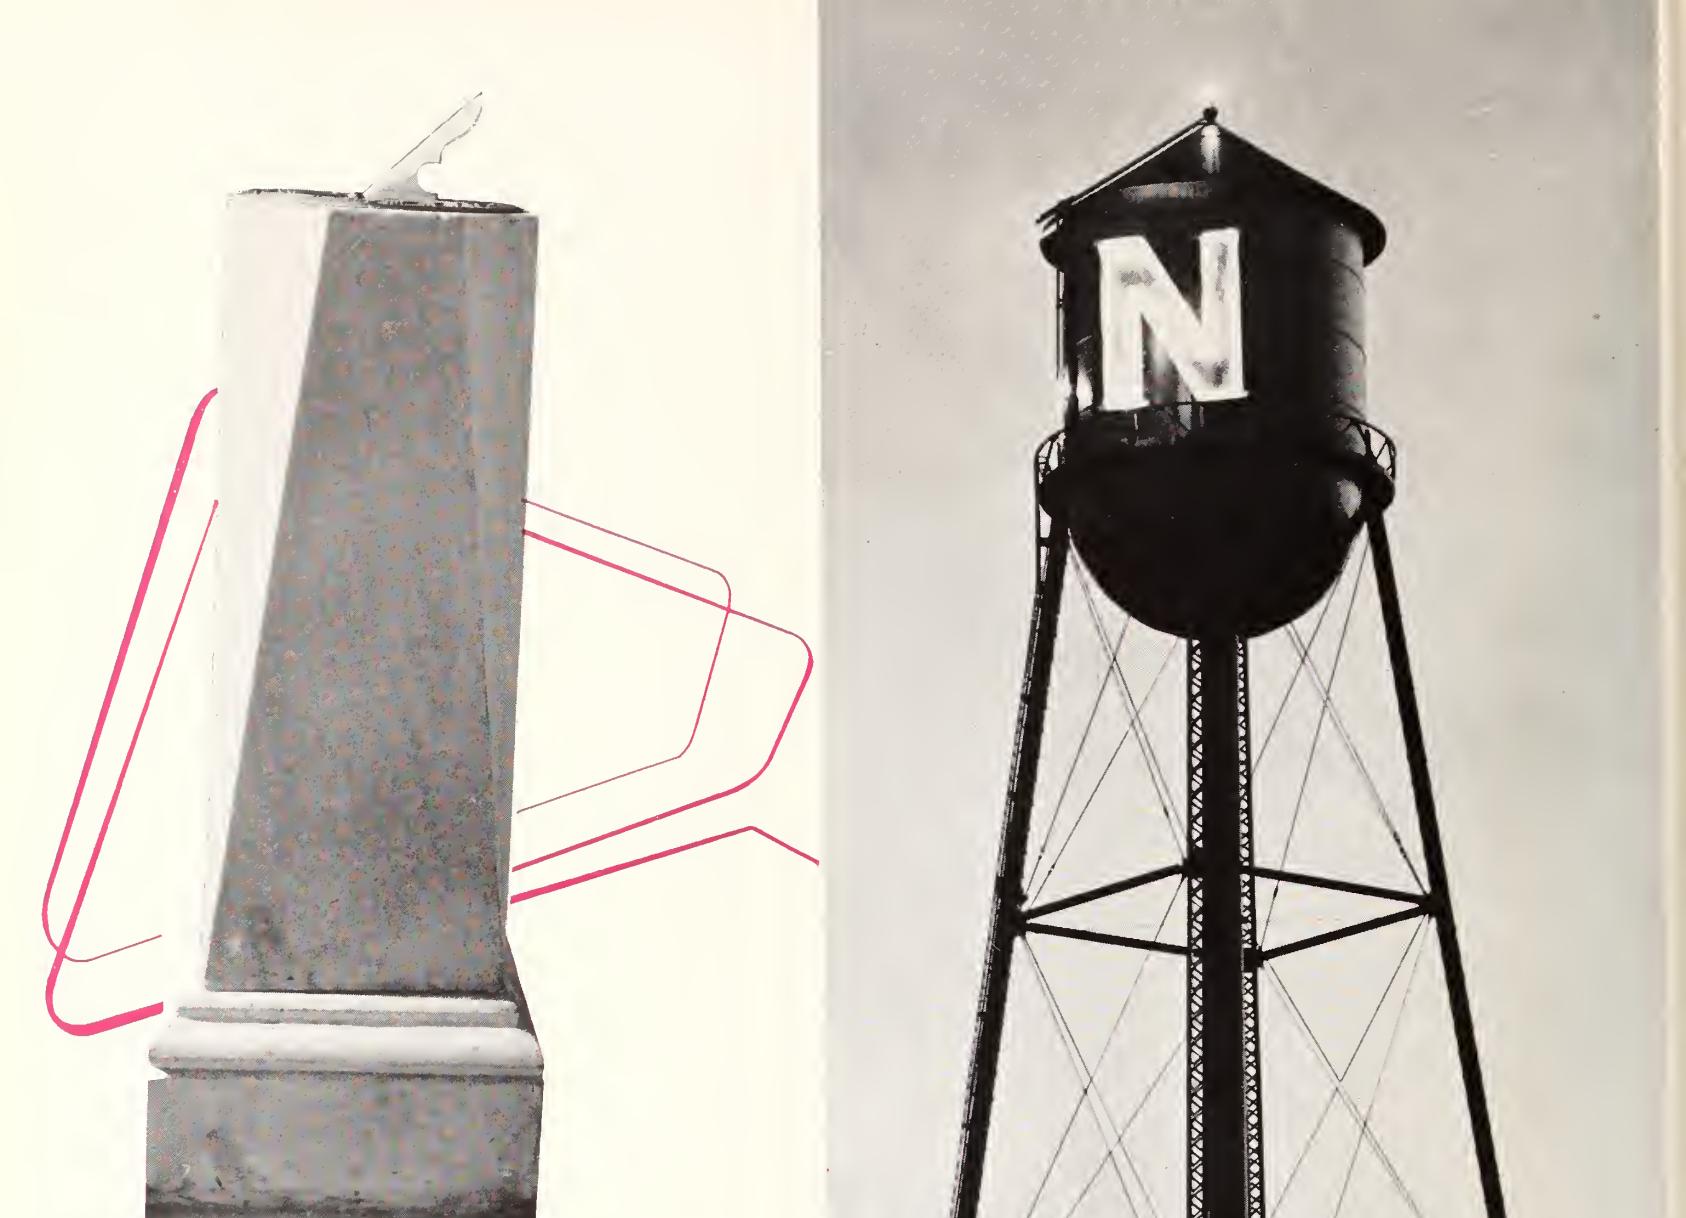

Perhaps rumors of this came to the maiden; perhaps the burden of living became too great, for one morning, after a great storm had raged through the night, she was found dead in her room. A knife was beside her, and on the wall by her was the bloody print of her hand as it had grasped out as she fell.

According to legend the ghost of the fair maiden still dwells in the oldest building on the Northwestern campus, and when it is torn down, she moves to the next one. At present she resides in Caldwell Hall, in front of which stand the last three remaining columns of the old mansion in which she died. If you look hard enough you can even find on one of the walls, a handprint which appeared there the night she moved in.

But what do you suppose the young maiden's ghost sees as . . .

**SHE LOOKS AT NORTHWESTERN TODAY**

SHE SEES THE

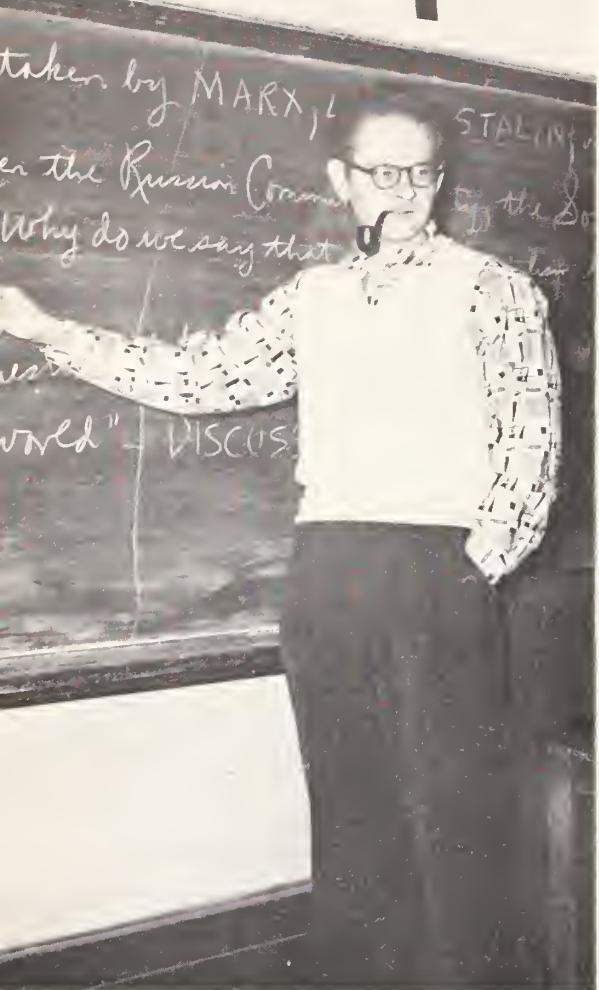

## CAMPUS AS WE KNOW IT TODAY

In front of Caldwell are the battered and weather-worn steps built so many years ago, steps that many feet have trod. There is the water tower, the very symbol of Northwestern, with its large N glowing in the night. The sundial, the president's home—these and many others, all symbols of the campus we love so dear.

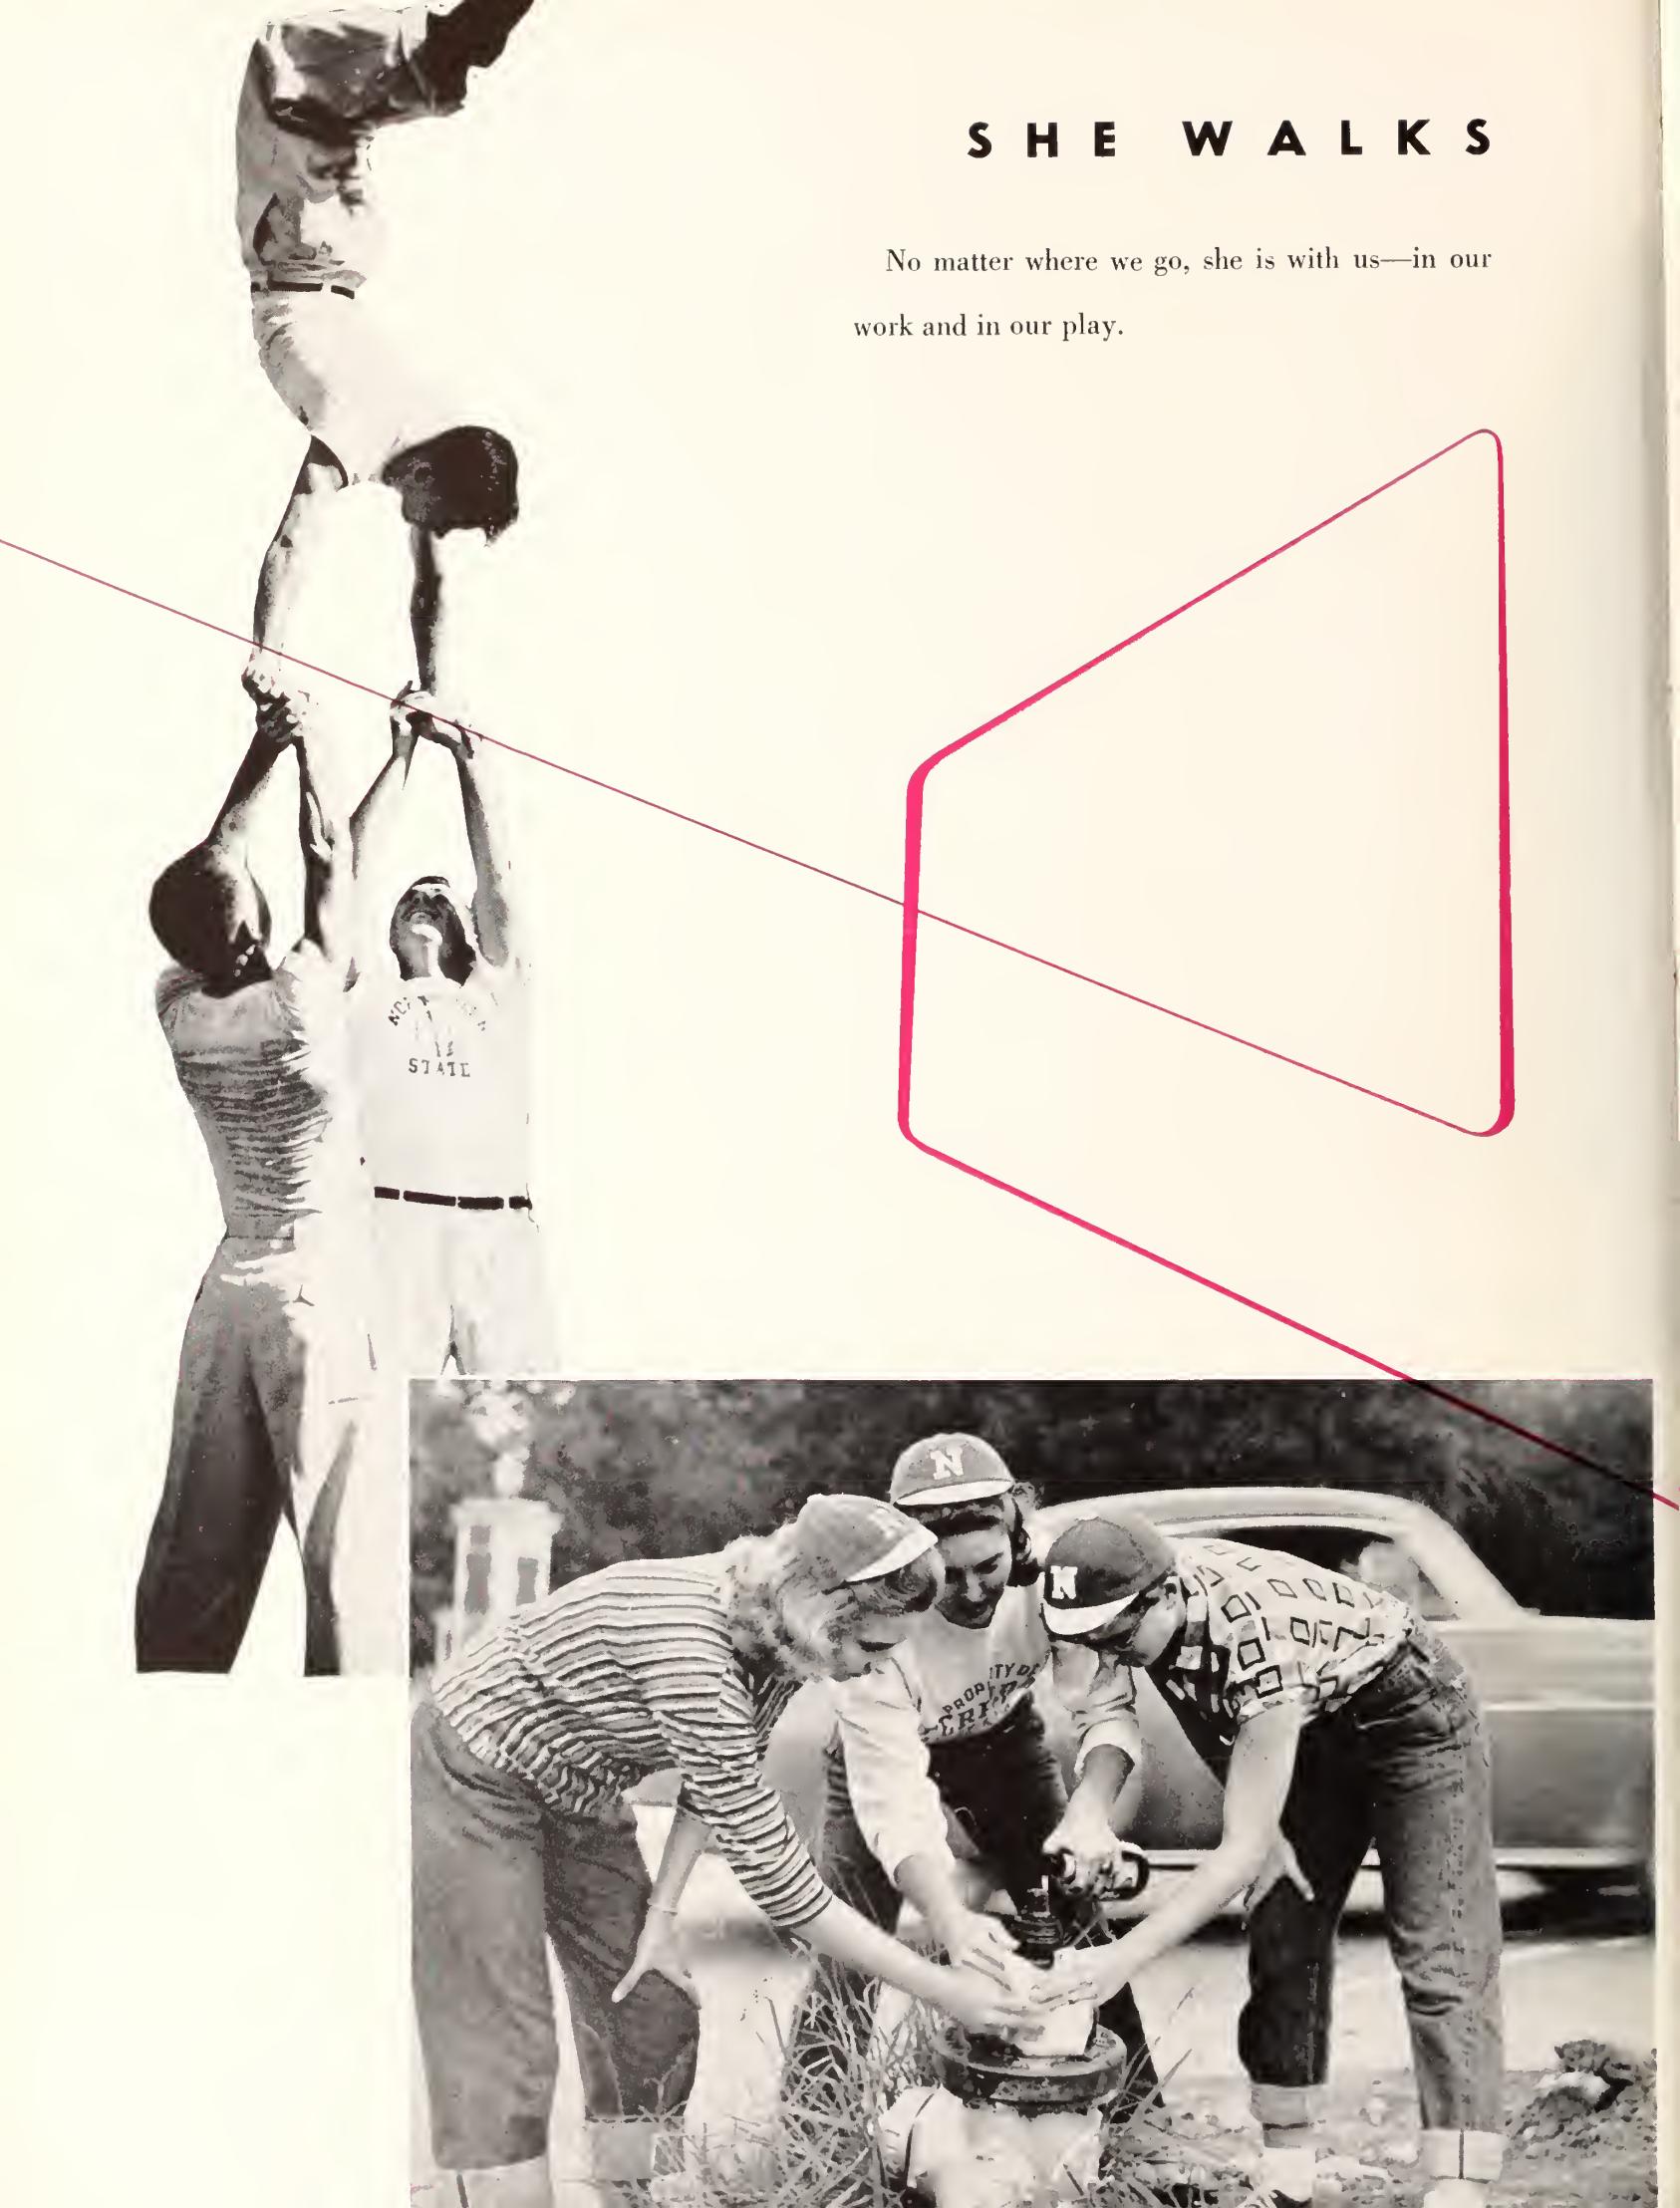

## S H E I S W I T H U S I N O U R C L A S S E S

How different the classes of today are from those she must have attended. Do you suppose she attends any of them to learn the latest theories of government or a new style of writing an English theme? Don't you think she would enjoy the all-college picnic, the Freshman party, the Freshman day parade and the many other activities participated in by the students on the campus today?

...OUR ACTIVITIES

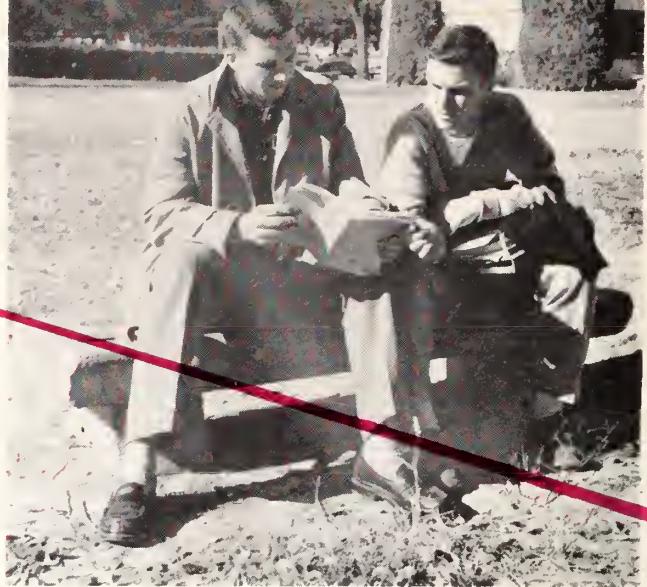

## S H E W A L K S

No matter where we go, she is with us—in our work and in our play.

B E S I D E U S F R O M D A Y T O D A Y

SHE IS PART OF OUR LIFE

OUR CAMPUS . . . OUR SCHOOL

If we are happy, then she laughs with us. If we are sad, then she weeps for us, for she is as much a part of our life at Northwestern as are our classes and our activities.

# DAUGHTERS OF NORTHWESTERN

And when everyone is gone, and the stairs in Caldwell are empty, how do you suppose she feels? Yes, she feels proud, for although she will miss those she has grown fond of, she knows that there will be others to take their places. In the years to come, they will continue to tread the halls of Caldwell in search of knowledge, and she will always be there to lend whatever assistance she can.

WE PROUDLY

There is an old proverb which states "Those who seek not honor for their deeds find honor waiting for them along the way."

It is with this thought in mind that the one chosen to receive a long deserved recognition has been selected.

Because he has given so unselfishly of his time to anyone who has asked his help, and because he has asked nothing in return, the 1956 POTPOURRI is dedicated to Mr. Paul H. Keyser.

## JOHN S. KYSER, PRESIDENT

We must learn, if we are not already aware, that loud self-expression is not to be confused with good judgment, let alone profundity. In the midst of unparalleled opportunities for self-development, we must consult not merely our instructors but our conscience. We need to repeat the old truth that realization of self must not be at the expense of another or others.

The exercise of self-discipline in our contemporary environment of an almost limitless pattern of choices means that there are corresponding opportunities either for the display of weakness or the achievement of truly great character. Those who would build character on the basis of an enforced narrowing of the range of choices are seemingly unaware that strength of character comes only through the application of right values to the making of choices. Let those who can find nothing right in our current society ponder this truism.

It is surely clear that the attainment of this goal of making right choices by the students and faculty of our college community must be achieved through close living together. Abstract respect on the part of both is not enough. We must strive to intensify the existing pattern of cordial personal relationships.

We must strike the right balance between and among things already achieved, those being experienced, and, finally, those that are hoped for. Are we doing this? Let us look carefully through the pages of the 1956 POTPOURRI: and, if we do so with true perception, I have complete confidence that we will discover enough evidence to answer the question with an unqualified YES!

# STUDENT COUNCIL

Working closely with the Student Body, the Senate, and the Faculty, this year's Student Council fostered not only good will and cooperation between the various campus groups and organizations, but played an integral role in promoting and achieving the overwhelming rise in school spirit.

Planned by the Council were pep rallies, assemblies, elections, and numerous other programs, which supplied opportunities for the students to express themselves and to acquaint themselves with the college itself.

The Council played host to Louisiana Tech at the Shreveport State Fair; worked jointly with Louisiana College to stage the Cen-La Fair festivities.

# STUDENT SENATE

The Student Senate, which is the legislative branch of student government at Northwestern State College, is in its eighth year of existence on the campus. Even though its primary function is legislative, the student senate performs many other services to the student body.

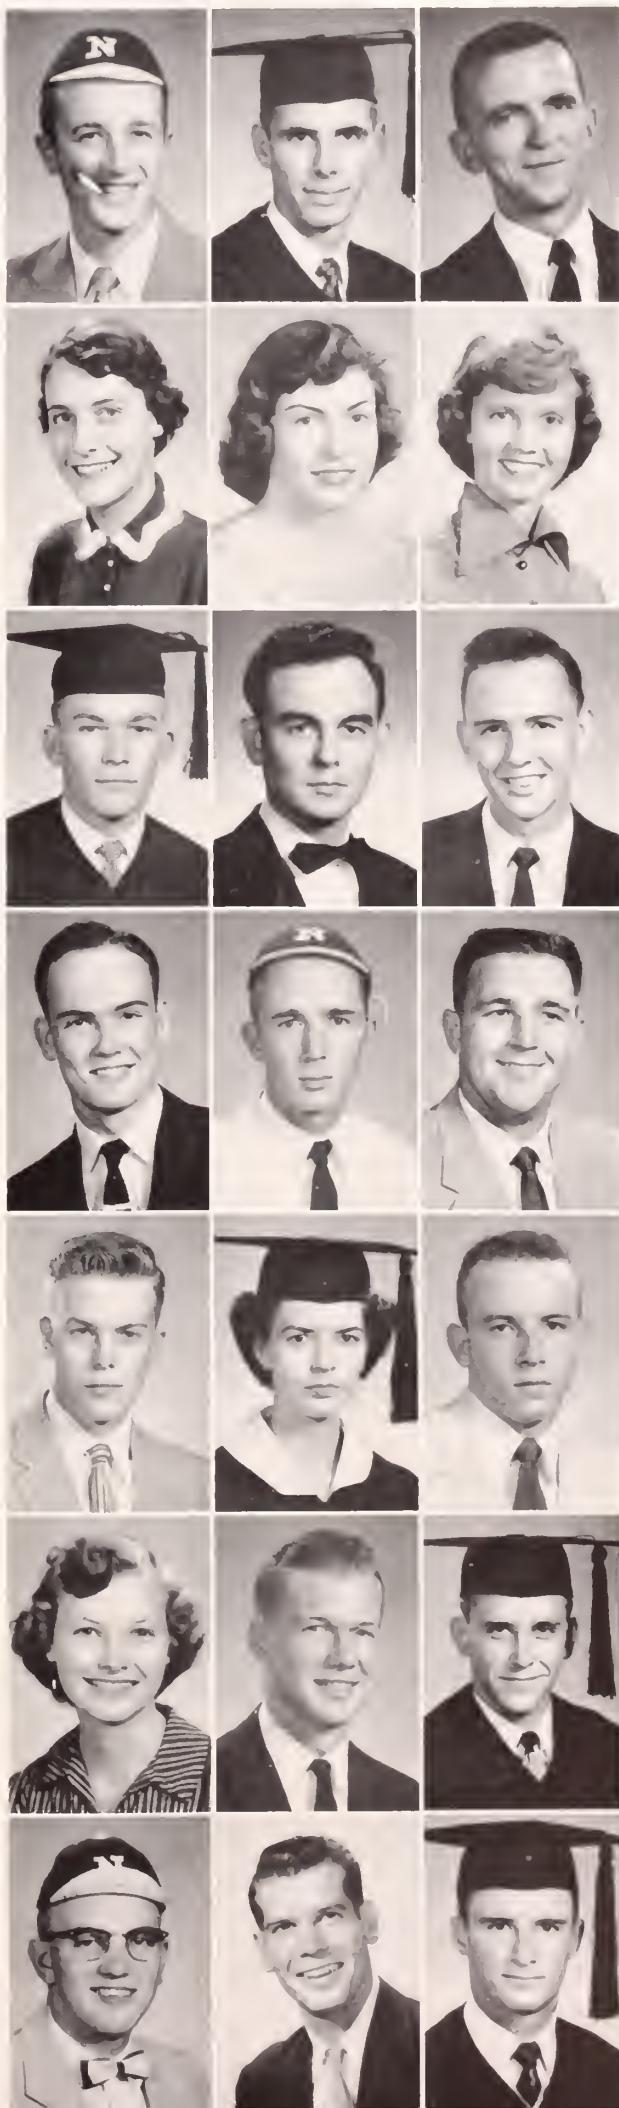

In addition to carrying on its legislative program, the senate edits the student handbook which is issued each Fall to incoming students to introduce them to college.

The senate has as its goal the making of student government more representative and valuable to student interests.

The senate is composed of members who are willing to give unselfishly of their time in the interest of the student body of Northwestern.

FIRST Row: Barnhart, Brister, Byrd. SECOND Row: Byrne, Campbell, Carroll. THIRD Row: Duncan, D. Graham, E. Graham. FOURTH Row: R. Graham, Hammons, Johnson. FIFTH Row: Lucius, Melton, Morgan. SIXTH Row: Penney, Robinson, Self. SEVENTH Row: Spears, Tilleux, Whitt.

Doesn't Timon look silly?

**BILL LITTLE**  
*Chief Justice*

Composed of seven justices nominated by the Dormitory Councils, selected by the Honor Court, and approved by the Advisory Board, the Student Honor Court serves as the disciplinary body of student government. The Honor Court has the delegated power to act in the event of violation or infraction of the rules which govern the conduct of men students on the campus. With the purposes of building higher standards of conduct and citizenship on the campus among the men students and to equitably administer justice through a student sponsored tribunal of men, the court, in itself, serves as a definite step forward in the trend to a more responsible student government.

# ASSOCIATED WOMEN'S STUDENTS

The Associated Women Students is an organization of all women students registered at the college, and is a member of the Intercollegiate Association of Women Students. The purpose of the A.W.S. is to promote, in cooperation with the Dean of Women, the intellectual, social, and spiritual welfare of the women students; to develop in the students a deep sense of self-responsibility; to instill a spirit of cooperation and friendship; and to uphold high social and academic standards among women students of the college.

BARBARA EVANS  
President

Each year the A.W.S. sponsors several popular events on the campus, one of which is "Christmas at Home," held at Varnado Hall, which all students and parents may attend. The "Backward Dance," also an A.W.S. achievement which is enjoyed by all, gives many girls the opportunity to "turn the tables" on the males here every spring. The Spring Convocation at which awards are given for outstanding women as individuals and groups is another highlight of A.W.S. activities.

# THE PURPLE JACKETS

The Purple Jacket Club which was founded by President V. L. Roy in 1927, is the oldest honor club to be organized on the campus. Adorned in purple and white, colors depicting loyalty, the Purple Jackets have portrayed service as they have served willingly and tirelessly as the official hostesses of the college, making of themselves an ageless tradition.

The Purple Jacket Club honors women students who have demonstrated good scholarship, good character and a desire to cooperate with all units of the college in unselfish service. Highlighting this year's Purple Jacket activities were the Purple Jacket Calling, annual Purple Jacket Review and the Spring Trip.

# THE CURRENT SAUCE

Weekly presenting "News Well-Seasoned," the 1956 *Current Sauce* staff has produced The Student's News-paper. Blending its gift of new ideas with old Sauce tradition it forges a link in the chain of *Current Sauce* extending back to the tattered yellow newsprint of the first issue dated 1915. As it has since that year, the *Sauce* informs, interprets, entertains, takes stands, (and makes a few typographical errors.)

In a sense, the 1956 edition is a paradoxical combination of economy and extravagance. Believing that one photo is worth 10,000 words, the *Sauce* has substituted pictures for words many times. Picture coverage, occasionally causing the campus newspaper to resemble a

miniature *Life* magazine, has originated a trend to photo-journalism, which the present staff hopes will continue.

The 1956 *Sauce* has made a lot of racket in print for safe driving, for a pipe organ, for intelligent voting, for creative writing, for brotherhood, for United Fund (and other good causes), for dynamic student government, for spirited student elections, for a sound letters policy, for an honor system for campus religion, for the free student press, and for the best that is Northwestern.

To future staffs the *Current Sauce* of 1956 extends the wish that the handicap of downtown printing can be eliminated by printing in the college print shop. To future staffs it also says: "Keep it Current and with Sauce!"

See this?

Checking the work of the genius

All ya' got ta do . . .

It all began with the trip to Nashville. Little did we realize what a horrible, gruesome experience awaited us in the months to come. Nevertheless, we reached the Benson Printing Co. and spent one lively week in Nashville planning the yearbook. With our work done we returned home and started the show rolling.

Then the fall semester began and the first staff meeting was held. Oh what a bright future seemed to be ahead of us. There were almost thirty students, their faces beaming with the eager desire to work. Alas, tis a shame that such a burning desire should die so soon.

As the months droned by, everything just seemed to go wrong. There were those staff members that just up and quit without saying a word to anyone, there were those who wanted to do something, but were always too busy with something else when work was found for them, and there were those adorable little N.S.C. co-eds who just couldn't possibly make staff meeting because of a real hot date.

But all in all, through hell and high water and the grace of Dean Dugdale, here is the finished product.

Competing in a total of eight intercollegiate forensic tournaments during the year, Northwestern's 1955-56 debaters walked off with five first places, eight second places, seven excellent ratings, seven third places, six good ratings, and had twenty-two finalists in individual events; and one superior rating, one second place, one excellent rating, one third place and three good ratings in debate. Two first place sweepstakes trophies were among the winnings also.

Capping the year's competition was the Pi Kappa Delta regional meet at Fort Worth, Texas. Here, the Demon debaters won a first and second in after-dinner speaking.

Other tourneys included those at Ruston, Aada, Oklahoma, Lafayette, Jackson, Mississippi, Waco, Texas, Durant, Oklahoma, and the one at NSC. The group also sponsored a high school meet for high school speech enthusiasts.

Letters were earned by Gill Blackburn, Edwin Cathey, Richard Smith, Delbert Vines, Weldon Walker, Joan Amos, Carolyn Avery, Mazie Dranguet, and Ruby Nell Gordy.

The Speech Department maintains another activity valuable to both speech majors and other students. The Speech Correction Clinic, under the supervision of Miss Irma Stockwell, offers speech students the opportunity to observe and participate in the correction of speech defects. N.S.C. students, children from the training school, and nursery school children are treated in the clinic. The Northwestern Clinic is outstanding among the state's speech correction work.

# DRAMATICS

"All the world's a stage . . ." The Northwestern State College Theatre is proud to create its *worlds of illusion* on a stage unsurpassed in Louisiana. Striving to make the quality of the productions equal that of the physical plant, the students in College Theatre staged in creditable manner the popular Garson Kanin comedy "Born Yesterday" as the season's opener. Heading the cast were Mazie Drangnet, Don Lyons, and Deneil Taylor. Eleven Players made their debut in this show.

The theatre *world of illusion* became a courtroom later in the season for the "Night of January 16th," as the College Theatre and the St. Denis Players, community theatre group in Natchitoches, presented their first joint production.

For the spring production the *world of illusion* turned into a carnival as the College Theatre closed its 1955-56 season with Ferenc Molnar's "Liliom" with Bobby Byles and Mazie Dranguet cast in the leading roles. Sterling Minturn, N.S.C.'s artistic Scene Designer, planned the sets for the seven scenes in this production.

This year the College Chorus combined with the faculty members and towns people to form the Natchitoches-Northwestern Choral Society. They presented their annual performance of Handel's "Messiah" in December, with the orchestra and Soloiste. Their Spring Concert featured the dramatic oratorio, "Elijah," by Felix Mendelssohn.

The College Singers, under the direction of Richard Lamb, have made various appearances on the campus. They presented a program of Christmas carols for the Natchitoches Christmas Festival, and gave a concert featuring the Women's Chorus singing "A Ceremony of Carols" by Benjamin Britten.

The Singers were featured in the KNOE-TV Show "Salute to Natchitoches," and presented another TV show in the Spring.

Highlighting the Season was the Natchitoches-N.S.C. presentation of Mendelssohn's "Elijah," in which they participated.

They were welcomed, throughout the state, as they toured various schools.

The sharp, well directed Northwestern State College Band made certain that football fans were well entertained during the half-time sessions of the games. Leading this year's performances was a very capable drum majorette, Faye Gaines.

Under the excellent direction of Dwight Davis, the band has added much musical enjoyment on and off the campus.

# DEMONAIRES

The Demonaires, probably the only college-sponsored dance band in the state and certainly the most widely known, had new colors on their music stands and a stack of new arrangements. An arrangement of particular "note" was the new theme for the band, "Scotland Yardbird," which was composed and arranged by tenor-man Payne and ivory-pounder Clark.

Sixteen enthusiastic musicians were in the membership, with trombonist Francis Manning and bassist Jerry Crump "sitting in" without remuneration.

Jam session

Early in the year the Demonaires made three trips with the gym team furnishing appropriate music for the different gymnastic acts. It was on one of these trips that the Demonaires came into their own when the girls at Terrebonne High in Houma ganged the individual members in quest of *autographs*.

The "cats" include: Dave Kimball, Lead (1st) alto; Jerry Payne, ride (2nd) tenor; Clifford Carnahan, 3rd alto; Mickey Murphy, 4th tenor; Robert Eddy, 5th baritone; Francis Manning, lead (1st) trombone; Thelton Salter, 2nd trombone; Roy Baldwin, 3rd trombone; Bill Taylor, 4th trombone; Dean Moore, lead (1st) trumpet; Ray Burnham, ride (2nd) trumpet; Ed Jolley, 3rd trumpet; Sonny Montgomery, guitar; Jerry Crump, bass; Dean Clark, piano; Gardner Vaughn, drums.

# THE ARTIST SERIES

The Artist Series, the college portion of the Natchitoches-Northwestern Concert Association, seeks to provide "food for the Soul" from the world's rich storehouse of fine arts. The cooperation of the community and the college has made possible local appearances, during this season, of such outstanding artists as Eleanor Steber, Metropolitan soprano, Marie Powers and company in "The Medium" with Menotti's Lighter opera "The Telephone" as a curtain raiser, the "Dance Theater Berlin" on tour for the first time in America, Daniel Llords and his internationally famous puppet show, and flutists Albert Tipton with Mary Norris at the piano.

Unique among the season's events was the party given Marie Powers, November 17, in celebration of her birthday. The artist won the hearts of students and towns-people alike with her gracious manner as she responded to the audience's singing of "Happy Birthday" and the cutting of the two-tiered birthday cake.

Probably the greatest lesson to be learned in the free and quickening atmosphere of an American college campus is a true realization of the meaning of the American ideal and why it is worth defending.

In the turbulent Twentieth Century where every graduate of every college emerges into a world in full possession of the power to destroy itself, the preservation of America depends more than ever upon the strength of character of those who come forth to lead her. History teaches us that we have no permanent lease on greatness—it must be renewed by each generation.

The Reserve Officers Training Corps of the United States Army exists for the purpose of developing officers—leaders of men. It offers a course of instruction leading to a commission as a second lieutenant in the U.S. Army Reserve.

The mission of ROTC is to have ready in time of national emergency a corps of educated, well-rounded leaders for our Armies. During World War II more than 100,000 ROTC graduates served in the Armed Forces in all ranks from second lieutenant to general.

The Northwestern ROTC program offers the General Military Science curriculum. This course prepares young men for positions of command and develops in them the essential knowledge and characteristics of an officer. It embraces subjects common to all branches of the Army, including psychology of leadership, personnel management, military administration, military history, map and aerial photograph reading, military operations and logistics, teaching methods, weapons and their employment, and command and staff procedures. Graduates of this course may be offered commissions in any branch of the Army depending upon the Army's needs and individual student training and background.

Advanced course students attend a summer training camp of six weeks' duration, usually between the students' junior and senior years.

This is the concentrated laboratory course in military tactics. Here the student applies the military theory learned in the classroom. Bivouacs, map problems, operation and employment of the latest weapons and equipment characterize the summer training period.

Students are rotated in assignments and responsibilities. One day the student may be a cadet company commander, the next he may be a cannoneer, a rifleman, or a tank driver. The student learns the work and the importance of each member of the military team—he learns both to lead and to obey, with a full realization of the relationship that must exist between a commander and those he commands.

In short, each student learns—by doing the many things that enable an Army to fight and sustain itself.

The ROTC rifle team is composed of members of the cadet corps who are proficient in firing the 22 caliber rifle. The team has competed, during the past year, against teams from other colleges throughout the nation. Of the original team formed in the fall of 1952, there are two members remaining. Delano Brister and Gerald Tilleux. Brister, Tilleux, and Jo D. Brown are the only members who will be completing their last year as members, so the team should be in good shape next fall. Although this is not a varsity sport at Northwestern, most other colleges consider it so and take great pride in their rifle teams. There is more to it than shooting tin cans, bottles or ducks. It is a precision sport which takes hours of constant practice and preparation.

# HOW THEY WERE JUDGED

Jon Whitcomb has one of the largest followings among American illustrators. It is a youthful rather than a middle-aged following and one doesn't have to dig deeply to find the reason. Jon Whitcomb is able to present America's number one pictorial motif, the pretty girl, in a particularly fresh and enticing way. His technique is suave and assured, his color brilliant and sparkling and his illustrations always have that "new" look.

Feeling that an authority on beauty was needed to select beauty, Mr. Whitcomb was asked to judge the beauty nominations for the POTPOURRI. This task he willingly accepted, and it is with greatest sincerity that we the POTPOURRI staff say "Thanks for selecting the beauties for the 1956 POTPOURRI.

The Hall of Fame, which is one of the highest honors paid to a senior at Northwestern, was chosen on the basis of scholastic average and service rendered to the school and student body.

The students on this page were chosen by President Kyser, the dean of men, and the dean of women

from a list of students submitted by each academic dean. It is with pride that a person can point to his diploma and say "I graduated with honors," but it is with a deep feeling of satisfaction that he can say "Not only do I have a college diploma, but while in college I was of service to my school and my fellow students."

The Pan-Hellenic Council is composed of the five sorority presidents and two representatives from each group. The primary purpose of the Pan-Hellenic Council is to promote harmony and cooperation among all Greek letter associations and to pass rules and regulations for the welfare of the system.

Each year the Council presents an award to an undergraduate woman who has shown herself worthy through scholarship, character, and sincerity of purpose. An award is also presented to a freshman girl making the highest academic record.

# THE 1955 FOOTBALL SEASON

Northwestern's Football Demons were a victim of circumstances during their 1955 campaign. The circumstances weren't lack of material, but what happened to the players, before the season began and while in the midst of it.

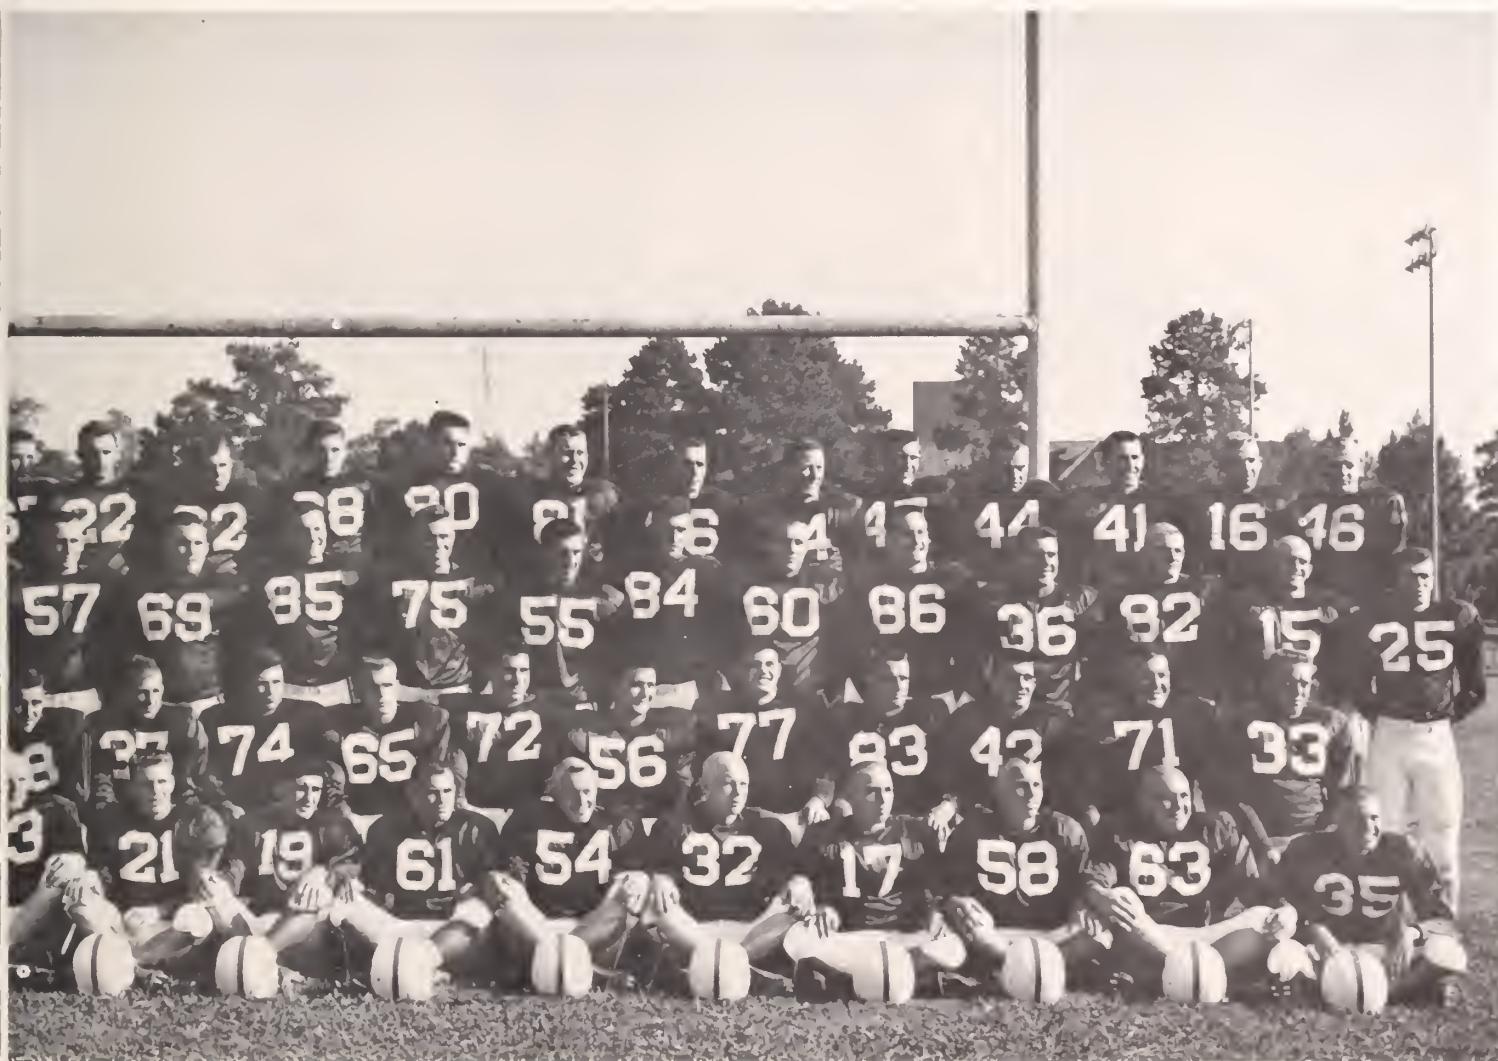

It was the injury jinx that ripped into the Demons this past season, at one time knocking 5 starters out of roles. The loss of big Charlie Johnson due to an injury before the season opened was an almost irrecoverable blow in itself. And there were others from then on . . . Clyde Chesson, James McNew, Ted Simon, Dan Chase, to name a few. The list swelled as the season progressed, but the final outcome was not disastrous, despite this.

The Demons emerged out of a nine game slate with a 4 won, 5 lost record. They ended up in fifth place in the GSC.

The season was opened with a lunge toward the limelight in their 7-0 defeat of Stetson University, of DeLand, Fla. But the demands of victory was not theirs to hold, and slowly they crept back into the shadows.

In their second and last warm-up game before the conference games got underway, they edged past Lamar Tech 7-6, though the Demons were 2 touchdown underdogs.

And then came the team everyone was concerned about McNeese. The Cowpokes had been defeated the year before, 32-20, but the inside dope was that McNeese was to be severely reckoned with this season. And they were.

Head Football Coach Harry Turpin, Backfield Coach Alvin Brown, and Line Coach Walter Ledet.

McNeese had accomplished such a prodigious rebuilding program, from coach on down to the substitutes, that they were picked in a pre-season poll to finish behind the Demons and La. Tech in the third place niche.

But the 1955 season was one, as oftentimes happens, when predictions are about as truthful as the flaunts of a tornado.

And McNeese, confident and stubborn in its goal toward a football stronghold in the GSC, dealt the Demons their most stunning blow of the season, 14-6.

Eugene "Smiley" Christmas, team manager, in "cover-up" job.

The blow on the scoreboard was only part of the loss, for in injuries the toll began to sound ominously.

Louisiana College surrendered to the most decisive victory in 7 years as the Demons romped, 34-7. For the first time in four games NSC has parlayed its strategy and determination into a satisfactory fruition in the scoring columns.

As if always, the game of the year was the annual State Fair game in Shreveport against our arch-rivals, La. Tech.

To the 8000 onlookers, and to the players themselves, the 1955 NSC-Tech clash on the gridiron was one to be remembered. Though favored to lose by 2 touchdowns, the Demons came as close as they could without a tie, 21-20.

But the contents of the scoreboard as the final horn sounded isn't what is to be remembered. It is how La. Tech was caught napping, and had to call upon their best abilities to down a stubborn and determined pack of demons. The Bulldogs went into the game with a cocky attitude, but when the dust had settled their confidence had been torn to shreds, to be replaced by respect.

NSC had taught Tech a new lesson in respect of your opponent. The Demons had accepted their handicap of their ace halfback being sidelined in a wheelchair with a torn knee cartilage, and had done what one can ask no more of anyone—to do your best.

But once again the injury jinx spread like wildfire. Before the next game with Howard Payne College, of Brownwood, Texas, arrived, the Demons had five starters on the injury list. And though a new and promising quarterback, Billy Wayne Johnson, and a dependable halfback, Judson Hale, accepted their new roles with remarkable zeal and effort, the end led to defeat, 12-7.

James "Red" McNew, having recovered from his injury in the La. Tech game, led the Demons to a 28-7 rampage over Luckless Northeast State.

The season was brought to its end with losses to Southwestern (27-13) and Southeastern (27-20).

The Southeastern fracas highlighted the annual Homecoming Festivities. Though the Demons were rightfully down-trodden and weary by their lackluster record in the won-lost columns, they rose to the spirited occasion and gave highly favored Southeastern a run for their money, 27-20.

As the curtain fell on the 1955 season, the Demons record stood at four wins and 5 losses.

An after season poll found four Demons on the All-GSC list. Ed Schroeder, an unsung performer at guard position, and quarterback James McNew were placed in starting assignments for the mythical team. Pete Beck, fullback, and Gary Hickman, left end, were selected on the second team.

Schroeder was further acclaimed in being voted by team members as their Most Valuable Player of the Year.

## THE 1955-56 BASKETBALL SEASON

After two consecutive co-Championship teams in the Gulf States Conference, three straight seasons with 20 or more victories, and two consecutive championships at the annual Mid-West Tournament in Terre Haute, Indiana, it isn't ordinary for one to keep up such a spectacular pace. Not even for Coach Thomas. Graduation can and will damage any team, and the 1955-56 season was a sterling example of such a happening.

In the past year's edition of the NSC basketball team, Coach Thomas was forced to pull up on a sand-bar and begin an over-haul job for the future. Not because he wanted to, but rather because he had no other alternative. But he wasn't satisfied to remain there. He began his flight back upstream the hard way.

With the loss of three of his starting five via graduation, he began working once again on his freshman through senior cycle. He organized a squad that bulged with 8 freshmen and began his strategy for a come-back.

The Demons lost their initial game to North Texas State, 81-76, and then came back home to exhibit their wares to the home crowd in beating Central Missouri, 85-77.

A return trip to Texas proved to be costly, as the Demons lost, 78-61, but the freshmen were beginning to work in with veterans Dick Brown, George McConathy, Loopy Langston, James Enloe, and Ronnie Lebo.

They returned to NSC to rack up five consecutive wins over such highly touted competition as North Texas State, East Texas State, Midwestern University, and two wins over Southeastern State of Oklahoma.

A sparkling freshman, by the name of Jimmie Leach, from Florien, was the secret punch Coach Thomas had been wielding so effectively. He led his team during the early season with an amazing sense of accuracy, sacking 65% of his field goal attempts, and averaging 17 points per game.

After the five game home stand, once again the Demons went over into Texas where they dealt East Texas State its first defeat on its home court in 2 years, 61-55, but Mid-

western University stopped the Demons' win streak at 6 with a 86-61 outcome.

The Demons were dethroned as champions of the annual Mid-West Tournament in Terre Haute, Indiana, by the nationally-famed Quantico Marines, 90-67.

A stop-over in Memphis on their way home resulted in nationally-ranked Memphis State whizzing past the Demons, 112-78, despite Dick Brown racking up his highest per-game-total-points with 30.

After the twelve game warm-up, the Demons lifted the lid off the conference slate by rolling past Northeast State in Monroe, 94-69.

Centenary proved to be the best team in the annual two game series with the Demons this year, as they won both, 72-62, and 65-60.

Northwestern was picked to finish in second place in the GSC and that's where they ended up, despite their remarkable 10-2 record in conference play.

The Demons' losses were to McNeese and Louisiana Tech. Each loss came on the winners' home court. NSC traded punches with McNeese (78-66 and 67-86), and with La. Tech (87-77 and 58-76). The four other conference foes, Northeast, Louisiana College, Southeastern, and Southwestern, each were dealt two defeats by the Demons.

George McConathy, in his last role on the hardwood for NSC, rang down the curtain on a famous McConathy era here in basketball. Each of the three brothers from the O. C. McConathy family of Bryceland, La., starred here in basketball, making all-GSC, and one made little All-American.

George himself received the Most Valuable Player trophy this season as a reward for leading his team in rebounds, and totaling 400 points.

Dick Brown walked off with the Free Throw trophy, as he led his team in that department with 170 out of 384 tosses. He also was individual high scorer with 519 points.

Little Jimmie Leach, who broke the all-time scoring record for freshmen with 317 points in 27 games for an average of 11.7 per game, was acclaimed as the Most Valuable Freshman.

"Sonny" Martinez, team captain, and hailed by Coach Piscopo as being the champion of the Southland on rings and in calisthenics.

## GYMNASTICS

Coach John Piscopo's 1956 edition of Gymnastic Squad made a successful debut this season in the Mid-South Intercollegiate Meet at NSC and in the Southwestern AAU Meet at Fort Worth, Texas, by retaining their third consecutive crown in each of the championship meets.

Outstanding squad members include Tyrell Leach in rope climbing, Johnny Tinnell in tumbling, long horse, and on the trampoline; Sonny Martinez, the best all round gymnast in the Southland, and Bill Pearson on the high bar.

One of the big rewards for the gymnasts this year was their newly acquired status as a varsity sport. This brings to eight the number of varsity sports now at NSC.

Another champion performer for the Demon Gymnasts', features Bill Pearson on Horizontal Bars.

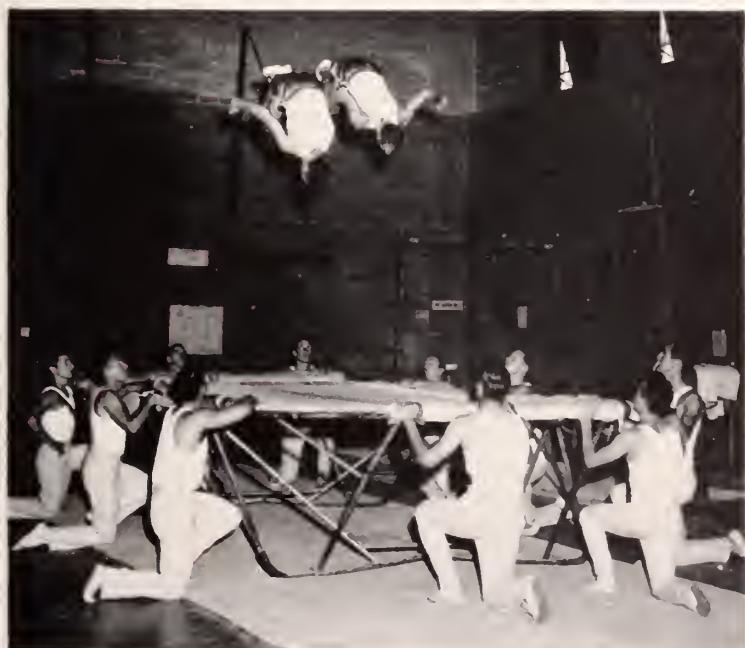

The Gymnastic team string of championships is one of the longest on the campus, including a total of 11 consecutive championships in the following meets: Gulf AAU Meet at Texas A&M, Southwestern AAU Meet at Fort Worth; Mid-South Intercollegiate Meet at NSC; Southern AAU Senior Meet at Mississippi Southern, and Baton Rouge "Open" Jr. Championship Meet at Baton Rouge.

This season's squad finds all departments well balanced and Coach Piscopo's gymnasts are optimistic toward the future, and entrants from NSC in the National AAU Meet this year at Detroit are expected.

## THE 1956 BASEBALL SEASON

Baseball Coach Alvin "Cracker" Brown and 1956 Team Captain Larry Whitt.

With a 11 won 9 loss record posted during the 1955 campaign and only one loss (Bob Weaver) from the same squad to begin their 1956 effort, the NSC Baseball Demons entered upon the new season with an unusual balance of veterans and optimism.

Despite the loss of ace second sacker Dick Brown and his replacement (Spanky McCoy) due to injuries, veteran moundsman Doug Logan to arm soreness, and Gordon Zabasky to the Alexandria Aces, Coach Alvin "Cracker" Brown still managed to muster a winning Demon nine onto Stroud Field.

Bad weather held up spring practice, but the visiting Yankee teams from Southeastern Oklahoma, Southern Illinois University, and Adrian College of Michigan found the Demons too much to cope with, as NSC accumulated a 6-1 record against the invaders.

Off to an impressive start, the Demon nine won their GSC opener against Southwestern, 6-5, and ran over McNeese before losing to Southwestern in Lafayette. They bounced back to waylay Louisiana College, 15-1, and

**Demon** outfielders Rayburn Cook, Larry Whitt, and H. A. Butler.

Louisiana Tech, 5-2, to vault into the first place position in the conference.

Northeast State, the GSC darkhorse this year, knocked the Demons into a three-way tie for the GSC lead with McNeese and Louisiana Tech (all 4-2 records), in turning a 5-0 NSC lead into a 10-6 win for Northeast.

In games to date with Centenary, the Demons had one rained out and tooped them 3-2 in the second scheduled engagement.

Jerry Lavespere, Don Wilmore, Robert Lewis and Billy Cook have been stalwarts on the mound thus far, with Lewis leading the hurlers with a 3-1 record at press time.

James "Red" McNew, the Demons' leading hitter last year, again leads the way with a .474 average, followed by newcomer Kemp Gordon with a .362 production along with five 4-base-blows.

The conference is going to be tight this year, and it won't be too suprising to find the Demons leading the pack at the season's end. They had beaten every GSC title contender at press time, with the exception of Southwestern, who presently holds down third place with a 4-4 record.

## THE 1956 TRACK SEASON

"Doc" Bankston, champion GSC shot-putter

Coach Walter Ledet's 1955 Northwestern State track and field squad walked off with an unprecedented third straight Gulf States Conference championship, plus a third straight Northwestern Relays crown, runner-up spot in the Southern AAU Meet and seventh position in the national NAIA meet at Abilene, Texas.

Setting five GSC records and winning five other first places, the Demon thinclads scored  $111\frac{1}{4}$  points at the annual conference meet held this past year in Natchitoches, a new scoring record and a 40-point bulge over runner-up Southwestern Louisiana Institute.

"Iron man" senior Jack Bice, the GSC's top scorer, led the Demons through their second straight season without a defeat in conference competition. Bice was a consistent point-getter in the sprints, relays and broad jump.

With Bice, 880 yard record-holder J. P. Self, tri-captain "Sister" Walker and several key competitors missing from the 1956 picture, the pre-season outlook was only "hopeful."

The latest edition of Demons opened their season with three straight victories, however, including a fourth consecutive NSC Relays title. At POTPOURRI press time the picture was becoming more optimistic for a fourth straight conference crown.

Middle-distance man Charlie Hennigan, a transfer from LSU, set the early-season pace with impressive performances in the 440 and 880 yard runs. He won the Northwestern Re-

lays' "Outstanding Track Man" trophy for brilliant anchor performances on the record-breaking sprint medley and mile relay quartets.

Other early-season standouts have been distance men Linden "Country" Claybrook and Barney Seiler, sprinter Steve Jordan, GSC record-holder Harold Smith, weight men Mixon "Doc" Bankston, Charlie Johnson and Ted Simon, and jumpers Ted Duggan and Harold White, Clyde Chesson, Lacey Lofton, and Robert Farrar.

The mile relay team of Hennigan, Smith, Jack Rogers and freshman Don Hill showed exceptional early-season form at the NSC Relays, setting an all-time school record of 3:21.3.

Tough competition is expected from Louisiana Tech, Southwestern and McNeese when the conference meet at Lake Charles rolls around, but the Demons "will be there." And no one will be surprised if they come out on top.

## N. S. C. TENNIS

With several promising newcomers making their debut in the 1956 production of the Demon Tennis team, and the appointment of a former NSC tennis great as coach, hopes are running high that a commendable showing will be made this year in the GSC.

A close loss to Louisiana Tech highlighted the opening of their campaign. But progress is steadily being shown, and when the GSC Championships are put at the stake this year at McNeese, the Demons are expected to walk away with a few trophies.

The Beta Chapter of Demeter was chartered at Northwestern State College in 1935, having met all the standards required by the national organization which was founded earlier at Southwestern in Lafayette. Organized to promote better farm practices, the fraternity derives its name from the ancient goddess of the soil, Demeter. Projects for this year include giving seventy-five Louisiana high schools two hundred mimosa second redbud seeds with detailed instructions for planting and care. Active in the chapter are two former national presidents, H. J. Young and Wilfred Broussard, and the present national vice-president, J. D. Montgomery.

It is through the patronage of friends—business firms who have purchased advertising space in the 1956 POTPOURRI—that we were able to give you this year's edition of the POTPOURRI. These people are interested in us, and the prosperity of our college. Let's read the ads, and patronize the advertisers!
